

Mergers & Acquisitions

Mergers and acquisitions are a necessary step in the growth of any business and our attorneys have experience representing clients in both the buy-side and sell-side of M&A transactions. Foster Pepper's M&A work includes buyouts, spinoffs, cross-border transactions, joint ventures and strategic alliances, and reorganizations.

We have represented public and private clients in a wide range of industries, including retail and consumer products, sports, real estate and technology. We also serve as special counsel to boards of directors, special committees and individual shareholders in large and small transactions. The team utilizes a proactive and creative approach to execute our clients' objectives.

Our M&A attorneys regularly call upon other firm attorneys' experience in niche areas such as tax, securities, employee benefits, intellectual property, creditors' rights, real estate, antitrust, employment and labor, and environmental as needed for each transaction.
