

Larry's Tax Law

Join Us at NYU's 76th Institute on Federal Taxation!

By Larry Brant on 9.26.17 | Posted in Personal Message from Larry

The NYU 76th Institute on Federal Taxation (IFT) is taking place in New York City on October 22-27, 2017, and in San Francisco on November 12-17, 2017. This year, I will be presenting my latest White Paper, *The Built-in Gains Tax Revisited*. My presentation will include a discussion about the history of the tax; application and impact of the tax; ways to avoid or potentially minimize the tax; the complexities of Code Section 1374 and the regulations promulgated thereunder; valuation issues; planning opportunities; traps that exist for the unwary; relevant cases and rulings; and practical tax practitioner guidance.

The IFT is one of the country's leading tax conferences, geared specifically for CPAs and attorneys who regularly are involved in federal tax matters. The speakers on our panel include some of the most preeminent tax attorneys in the United States, including Jerry August, Terry Cuff, Wells Hall, Karen Hawkins, Stephen Looney, Stephen Kuntz, Mark Peltz and Bobby Philpott. I am proud to be a part of IFT.

This will be my fifth year as an IFT presenter, and I am speaking as part of the Closely Held Business panel on **October 26 (NYC)** and **November 16 (San Francisco)**. As in previous years, the IFT will cover a wide range of fascinating topics, including tax controversy, executive compensation and employee benefits, international taxation, corporate taxation, real estate taxation, partnership taxation, taxation of closely-held businesses, trusts and estates, and ethics.

I hope you will join us this year for what will be a terrific tax institute. Looking forward to seeing you in either New York or San Francisco!
