

"New HIPAA Breach Disclosure Requirements," Washington State Medical Association

Speaking Engagement
September 25, 2009
Webinar

For this Washington State Medical Association webinar, Garvey Schubert Barer attorneys Stephen D. Rose and Emily R. Studebaker will present "New HIPAA Breach Disclosure Requirements."

The HITECH Act dramatically enhanced the HIPAA enforcement provisions, as of September 23, requiring notification of patients if their unsecured PHI is disclosed due to a breach. We'll cover significant aspects of those changes and provide guidance on how to stay in compliance.
