Please join me for the NYU 73RD Institute on Federal Taxation. This year's Institute will be held in San Diego at the Hotel Del Coronado November 16 – 21, and in New York City at the Grand Hyatt New York October 19 – 24. Please see the attached [brochure](#). The coverage of tax topics is both timely and broad. This year's presentations will cover topics in the areas of: executive compensation and employee benefits; partnerships and LLCs; corporate tax; closely held businesses; and trusts and estates. What is so terrific about the Institute, in addition to a wonderful faculty and the interesting current presentation topics, you can choose the presentations you want to attend. In other words, you can pick and choose the topics that relate to your tax practice.

This is my second time speaking at the Institute. My topic this year is: "Developments In The World Of S Corporations." I plan to deliver a White Paper that will provide attendees with an historic overview of Subchapter S and a look through a crystal ball at the future of Subchapter S, including a review of the recent cases, rulings and legislative proposals impacting Subchapter S.

I hope to see you in either San Diego or New York.

Best,

Larry
