

Protecting Your Laboratory Against PHI Breaches and HIPAA Penalties: Increased Enforcement in 2012 Means Now is the Time to Prepare for HIPAA Audits

Speaking Engagement
March 22, 2012 | 11:00 a.m. - 12:00 p.m.
Webinar

The complimentary, one-hour webinar will cover:

- How to take a practical approach to preparing for HIPAA audits by using available resources
- Lessons learned from significant HIPAA breach notifications and enforcement actions
- Steps to take if you do have a HIPAA breach
- Status and requirements of the proposed rule on patient access to laboratory records
- How to build compliant policies and protections into your billing systems and practices

Whether you are working to develop and put a HIPAA program in place, or trying to assess whether your existing policies and procedures will pass a HIPAA audit, you won't want to miss this information-packed webinar.

In our upcoming complimentary webcast, two leading experts on compliance issues for diagnostic service providers, [Mike Coats](#), Executive VP and Compliance Officer, XIFIN, and [David Gee](#), Partner, Garvey Schubert Barer, will share their insights and recommendations on recent HIPAA developments and current requirements.
