

GSB represents Incident Catering Services in leveraged buyout

GSB represented Incident Catering Services in its leveraged buyout of GFP Enterprises and related entities. GFP is a nationally recognized leader in emergency response services, ranging from wild land firefighting and base camp support services to full incident management teams. The company has over 400 employees. GSB advised the buyer in all aspects of the acquisition and related debt and equity financing, including transaction structure and related tax implications, documentation for the acquisition and debt and equity financings, and due diligence.
