

In the Community

At Foster Garvey, we believe that public service is not just a responsibility but a privilege. We are proud to be deeply rooted in the communities where we live and work and committed to making a positive impact on the lives of others through [pro bono](#) work, community service, charitable donations, and volunteerism. Our goal is to give back to our communities in meaningful ways and support causes that resonate with our values and principles.

Our attorneys and staff are dedicated to serving others and regularly donate their time and resources to a wide range of community-focused activities. From providing pro bono legal services to serving on nonprofit boards of directors, we are actively involved in making our communities better places to live and work.

We are honored to be part of the following community and civic service organizations and will continue to seek out new opportunities to give back:

- [Alliance for Education](#)
- [Bellwether Housing](#)
