Copyright, Trademark, Trade Secrets & More

Turning *ideas* into *protected assets*

In today's dynamic marketplace, protecting your intellectual property, from brand names and logos to creative works and confidential information, is essential. Our team helps clients navigate the full spectrum of copyright, trademark and trade secret matters.

Our team combines deep experience with practical insights to help clients protect, manage and maximize the value of their intellectual property. From selecting, clearing and registering copyrights and trademarks to structuring ownership and licensing agreements, we provide tailored legal solutions designed to meet your business goals.

Our work includes navigating copyright and trademark issues associated with corporate transactions and bankruptcy proceedings. We also advise clients on ensuring compliance and minimizing risk in advertising, marketing and branding efforts.

We're proud to partner with businesses across diverse sectors, including food and beverage, sports and entertainment, professional services, publishing, architecture and the arts, helping them protect their most valuable assets and stay ahead in a dynamic environment.

Our attorneys assist clients with matters including:

- Agreements and licensing
- Use of third-party copyrighted and trademarked materials
- Assignments of copyright and trademark assets
- Litigation and alternative dispute resolution
- Recording of copyright and trademark registrations with U.S. and foreign customs services
- Registration of copyright and trademark assets with the U.S. and foreign offices
- Review and audit of proposed and ongoing use of copyrights and trademarks
