"How to Keep Your Campaign Legal," Progressive Change Campaign Committee – National Candidate Training

April 15, 2018 Washington, D.C.

Brad Deutsch presented "How to Keep Your Campaign Legal" at this four-day National Candidate Training hosted by Progressive Change Campaign Committee and Our Revolution, where more than 500 candidates - local, state, and federal - converged in Washington, D.C. for cutting-edge training and networking.

The training covered the A to Z's of running for office, including speaking on camera, pivoting to core message from curveball questions, having presence in the room, expanding your donor list, hiring experienced staff, winning local endorsements, earning great press, motivating volunteers, polling, and more.

For more information, visit the Progressive Change Campaign Committee website.
