Foster Garvey

Labor, Employment & Immigration

Solutions for a *stronger workplace*

Our goal is simple: to help you build and maintain a productive and motivated workforce while staying compliant with the growing web of federal, state and local labor, employment and immigration laws. We understand how difficult it can be to handle sensitive employment matters, and we're here to make it easier. Our team provides practical, up-to-date legal advice, so you can focus on running your business.

We provide sophisticated counsel that goes beyond the legal basics, helping you build an HR strategy that enhances employee satisfaction, reduces turnover and minimizes the risks of lawsuits. By focusing on both compliance and effective management, we'll help you ensure a positive, productive workplace where employees can thrive.

Whether you're public or private, a small business or a large one, a regional or national employer, we have the knowledge and experience to help. Our clients span a wide range of sectors, including health care, hospitality, municipalities and special purpose districts, education, shipping, technology, financial services and retail. No matter your field, we understand the unique issues you face and work with you to create solutions tailored to your needs.
