“Liability & Regulation in the Age of AI,” 2026 Destination AI Summit

September 29, 2026

[Greg Duff](#) is a featured speaker at the 2026 Destination AI Summit, which brings hospitality leaders together to explore how artificial intelligence is changing the industry.

His session will address the growing legal risks that come with AI adoption in hospitality, including surveillance pricing and personalized pricing practices, discrimination and bias in AI-driven employment decisions, and the emerging liabilities associated with AI-powered chatbots and other guest-facing tools.

For more information or to register, visit the [Destination AI](#) website.
