Foster Garvey

Mergers & Acquisitions

We've got all the bases covered for your next strategic *move*

We understand that mergers and acquisitions are often a goal in the growth of any business. Our team has extensive experience representing clients on both the buy-side and sell-side of M&A transactions. From buyouts and spinoffs to cross-border transactions, joint ventures and reorganizations, we tailor our strategies to meet your unique business goals.

Our team has partnered with a diverse range of public and private clients across industries that include retail, consumer products, fishing and maritime, clean energy, sports, real estate, software and other technologies. We also serve as special counsel to boards of directors, special committees and individual investors in large and small transactions.

Our M&A attorneys collaborate seamlessly with other areas across the firm, such as tax, securities, intellectual property, real estate, environmental, employee benefits and labor and employment. This allows us to provide comprehensive advice that covers all the legal angles of a transaction, no matter how complex.
