"Navigating the New Frontier: Artificial Intelligence in the Judiciary," Judicial Conference

October 8, 2024 Sunriver, OR

Join Justice Brooks at the Judicial Conference for his thought-provoking presentation on "Navigating the New Frontier: Artificial Intelligence in the Judiciary" on Tuesday, October 8. This session will be held at the Sunriver Resort in Sunriver, OR.

This comprehensive seminar introduces judges to the burgeoning role of artificial intelligence (AI) in legal proceedings. As AI technology rapidly evolves and integrates within various facets of the legal system, understanding its capabilities and limitations is critical. This session will cover foundational AI concepts, discuss current and potential uses in legal analysis and decision-making and address the challenges specific to the judiciary. Attendees will learn how AI tools can enhance judicial efficiency without compromising fairness or integrity. The seminar will also explore case studies where AI has been applied in courts and consider future implications for the legal profession.

Join this session to gain the knowledge needed to navigate the AI landscape confidently and judiciously. Registration is by invitation only.
