# “The Evolving Health Care Legal Landscape: Risks, Trends and Leadership Priorities,” Pacific Northwest Medical Management Conference

May 21, 2026 Vancouver, Washington

Join [Mikaela Louie](#) and [Andrew Schillinger](#) on Thursday, May 21, at the Pacific Northwest Medical Management Conference for an informative presentation on risks, trends and leadership priorities in an evolving health care legal landscape.

The health law regulatory environment continues to change rapidly. This health law update will cover major regulatory, enforcement and reimbursement developments. The presentation will highlight intensified federal and state fraud and abuse enforcement, emerging liability risks (e.g., AI technologies) and continued financial pressures due to the evolving legal landscape. Learning Objectives: By the end of this presentation, participants will be able to:

- Identify key recent developments in health care laws, regulations and reimbursement policies impacting provider and physician organizations, including federal and state enforcement trends
- Assess emerging legal and regulatory risks associated with new technologies, including artificial intelligence and digital health tools
- Evaluate how ongoing legal and policy changes may contribute to financial and operational pressures for medical practices operating in Washington and Oregon

Visit the [Pacific Northwest Medical Management Conference website](#) to learn more and register.
